Positive Distraction Artwork on Type 2 Wallcovering

Olee CreativeGuard® Impact Resistant Wall Panels

"It has been an amazing experience working with the Olee Creative team during the expansion of our Children's Hospital. They have been very receptive to our interest and very creative in making our artwork flow in a fantastic and beautiful manner. They have the great ability to put artwork together that is just "perfect"!  
-Michealeen Conlee, - Executive Director Women & Children Services Memorial Hospital of South Bend
